Japanese B1 ●●●●●●

Spanish B1 ●●●●●●

PROFILE

Software Design student at FH JOANNEUM (Graz), currently on Erasmus at the Universidad de Alcalá, Spain. I like building complete products, from backend and database to frontend and deployment with Docker, Kubernetes and CI/CD, and I'm currently going deeper into C/C++, data structures and operating systems. Years of customer-facing work have taught me to stay calm, take responsibility and communicate clearly.

WORK EXPERIENCE

Shift supervisor Sep 2025 – present
Dean & David, Graz
Helped define production standards and processes; sales and customer service.

Sales assistant (part-time) Dec 2024 – Jul 2025
